Projects & Teamwork

JUnit Test development: A key member of a 4-person software engineering team contributing to the creation and implementation of JUnit tests for a Java codebase. Led the team to a 1st place out of 72 competing teams. Used GitLab and Teams for collaboration and communication. *(completed as part of my first year assignments)* 2024

Label Automator: While working at Funky Labels LTD. Wrote software to automate the creation of 500 daily print label orders using Python and ExtendScript. Reduced employee workforce by 2, saving £10000+ over just the course of the summer. 07/2024

Work & Volunteering

Data Entry Clerk: *Funky labels Ltd, Norton Fitzwarren, Taunton, Somerset, UK* 07/24-09/24

- Processed Amazon, Etsy, and Ebay orders of customizable name labels. Created, Printed and packed the labels.

Engineer Intern: *VPK Group, Wellington, Somerset, UK* 07/22 - 08/22

- Mentored by a team of mechanical and electrical engineers, contributing to the machine maintenance
- Carried out chemical tests on water fed through a boiler to ensure quality standards

Shop Clerk (Volunteer): *Oake shop, Oake, Taunton, Somerset, UK* 2020 - 2022

- Volunteered at my village's community post office in which I operated the shop register, stocked shelves, and assisted customers.
